THE PLAGUE SPOT IN PERU.

A correspondent writing from Lima says: In my last letter I mentioned the extraordinary phenomenon, near Locumba, which causes the death of all animals that approach that fatal spot. I am now enabled to give you some particulars. An American gentleman, who passed over the locality, confirms the previous reports. On the Locumba road, about 22 leagues from Tacna, there exists what is here termed a *dry arroyo*, being that is the bed of a former river, long since from some unexplained, no water has been known to pass.

During the late earthquakes, which destroyed Arica and partly Tacna, the shocks were strongest in the neighborhood of Locumba and the *Arriero*. A mule driver reported that one of the latter days the *arroyo* had been split open, and a small a ream of fetid water was oozing out of the mountain into the *arroyo*. No attention was at first paid to the fact nor to the mortality among the animals that visited the neighborhood. It was only when the people began to leave Tacna and flee from the scourge of the yellow fever, which was devastating the cities to the valley of Locumba, that they became aware of the fatal effects upon their animals, at a distance as much as eight and ten miles from the *arroyo*.

"The stench," says my informant, "I can compare to nothing else than old bilge water, of the smell of which you become painfully conscious. Within twelve miles from its source, my horse dropped down under me, and in five minutes he was dead. He vomited three or four times a thick black substance, similar in consistency and appearance to the black vomit. I was thus left to walk fifteen miles to the nearest house, two-thirds of which I may call a mules' graveyard, so thickly was the old road covered with them. The cause of this singular freak of nature is unknown; but it seems that the gases which have impregnated the atmosphere produce the vomit and death of the animals that inhale it.—What these gases are composed of science alone can solve." A commission has been ordered by the government to examine into this extraordinary matter and report upon it.

(From the St. Louis Democrat, June 15.)

A REAL TRAGEDY ON THE STAGE—AN ACTRESS STABS AND WOUNDS THE HEAVY VILLAIN.

A large audience assembled at De Bar's last night on the occasion of a "grand complimentary benefit" to "Creole" (Mrs. Massena.) "An original play by the authoress" was produced, being a dramatization of the popular novel of "Marie's Mistake." The authoress herself made her first appearance, taking the part of Marie, Mrs. Emma Stone of the stock company, played Julie de Bourghe, and Mr. A. B. Pearson, an amateur, performed the villainous part of of Captain Jeane Luzene. The play was written for a tragedy, but in the hands of the amateurs it broke out into a farce, and closed with a scene that was tragical and really bloody. In the third scene of the fifth act the programme calls for a "Gambling hell—Julie in search of Captain Luzene—a careless ward—a jealous mam—Retribution—Death of Luzene by the hand of Julie de Bourghe," &c. In executing the act of retribution, Mrs. Stone used a dagger She advanced upon Mr. Pearson, and reminding him of his villany, plunges the dagger into his heart, and he dies in great agony. The lady, through mistake, plunged the point of the dagger into Mr. Pearson's back, just behind the arm pit, and the blood gushed freely from the wound. He goes through the motion of dying, and the real pain caused by the real wound enables him to die with the most effective contortions of countenance, groans, &c The audience cheered rapturously and thought the amateur was playing his part "up to the handle," but they did not know that the dagger had been thrust up to the handle in his back, The wound bled freely, but proved only a flesh wound. Dr. Bobannon, an amateur actor and professional doctor, was sent for and dressed the wound, and pronounced it insignificant. The ladies of the company were very much agitated and distressed by the occurrence, but there was no great harm done, and the worst result of the accident was a bloody shirt.

FEARFUL DISCOVERY—ARE THE INFERNAL REGIONS IN INDIANA.

Mr. A. Rabb, a farmer who resides about three miles west of the city, brought a strange story in on Saturday. Mr. R. has a son-in law living on a farm about four miles from Lafayette, named Mr. Miller. Mr. M. has a German laborer who, in plowing over a corn-field, struck the upper crust of something very much like the infernal regions. A suffocating odor was first emitted, followed by a dense volume of smoke. According to the German's statement, the stench was several degrees above the flavor of the Illinois street gutter. A sheet of flame soon burst from this terrible volcano, and a great conflagration was imminent for a time, but the flames were finally subdued by a few shovelfuls of earth tossed in the mouth of the crater. The lava thrown out looked very much like Castile soap—only it was not so highly perfumed. On the contrary, it was exceedingly offensive. It ignites easily, and burns as freely as brimstone.

The German was badly frightened, and, after viewing the scene in utter bewilderment for a time, ejaculated: "Vel dat ish h—ll!" We understand that Professor Cox will examine the ground, and if it should prove to be an entrance to the infernal regions, he will send for Parson Brownlow to look further into it. The people of Lafayette are greatly alarmed, and already it is said that a roaring noise can be heard underneath that doomed city. We await further developments with intense anxiety. Many persons may think this is a hoax, but it is not. Mr. Rabb doesn't look like a man who would decieve a whole community about so trifling a thing as the discovery of hell in Indiana.—*Indianapolis Sentinel*, 26th.

The Omaha *Herald* states that the section of country lying between Wyoming and Utah Territory known as "Bitter Creek Region," and heretofore supposed to be valueless, has been discovered to be the repository of untold petroleum wealth. Coal, anthracite, bituminous, and cannel—and iron ore in abundance, are also found there, as well as rich quartz and fertile agricultural valleys

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.
Largest amount of Losses to Widows and Orphans!
The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.
Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

SPARKLING CATAWBA SPRINGS,
CATAWBA COUNTY, N. C.
THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.
Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.
The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c.
The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.
Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.
FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.
A GOOD BAND OF MUSIC
Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.
Having secured the services of Mr. J. N. CARTER, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.
The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

SATURDAY, JULY 3, 1869.

SUPREME COURT.

We solemnly believe this Court have never felt the magnitude and importance of the question which they recently raised with the Bar and the people of the State. When the Executive, Judicial or Legislative branch of the government make themselves obnoxious to the Bar or the people, they may look out for opprobious remarks upon their conduct. It was always so, is so now, and it will continue to be so, until the form of our government is changed. It will be so until the government is made independent of the people and the people made slaves. The recent arbitrary and despotic conduct of the Court will long remain fresh in the minds of the people, not only of North Carolina but of America.—All remember the circumstances which gave rise to the "solemn protest" of the Bar.—One Judge, Tourgee, riding his circuit, declared himself a candidate for Congress. At Rockingham, when he adjourned Court for dinner, he entered into political discussion with his opponent for Congress, and, speaking from the Judge's bench, in the Court House, he gave and received the d—d lie from his adversary. On his way to Person Court he and his opponent for Congress had a fight in the ladies' car and in ladies' presence. Chief Justice Pearson writes a letter for Grant, pretending that he feared another rebellion. Judge Reade, with John Pool, writes the disgraceful Legislative address, and makes a political speech to 5,000 grinning negroes, standing on a platform built of money improperly drawn from the Treasury of the State.

Judge Dick, in a political meeting, nominated Judge Tourgee for Congress. Tourgee acts as marshal at the great Republican jubilee in this city, in September, 1868. Judge Reade, Judge Dick, Judge Settle, and Judge Rodman, were all advertised, in the *Standard*, to play active parts in this Republican jubilee. They lent the influence of their names, as men and Judges, to rally and bring out the party, without distinction of color.

In 1834, Judge Reade declined to take part in politics: "I declined" (he says) "mainly because I thought my position in the Judiciary made it improper that I should do so." Again he says, "the strongest conviction of my judgment is, that it would be a breach of propriety, for which I know no precedent in North Carolina, and for which I would be severely censured."

"By universal consent, if not by the imperative demand of the public sentiment, the Judges have stood aloof from active participation in party contests."

We ask you to read this letter of Judge Reade's from which we quote. Read the solemn and respectful protest of the Bar.—Then reade the opinion of Judge Reade, as delivered by Chief Justice Pearson in the case of contempt of the Bar, and account, if you can, for the sudden change which came over the spirit of his dream, without imputing it to political corruption.

The "solemn protest" imputes no crime, charges no corrupt motive, but expressed "profound regret and unfeigned alarm for the purity of the future administration of the law of the land."

The pretensions of the Court to exemption from criticism of their political conduct is monstrous as well as unprecedented

Who shall deny to the people the right to discuss the political, or even the official conduct of the Judiciary. If the people have the right, the Bar have the right. If the right be denied to the Bar, it can be denied to the people also.

The people of America have the undoubted right to discuss the political or official conduct of all public servants whatsoever, and in such language and form as they may deem proper, "subject only to the restraints of justice and truth." The government which gives up these rights and duties gives itself up. The Court have not attempted to vindicate their right to punish the Bar. It is true, they assumed the right; they converted themselves into accusers, witnesses and Judges, and then prejudged the whole matter. After they had prejudged and punished, then they heard the Bar. If such false claims to arbitrary power on the part of the Court be sustained by the people, then the much talked of Empire is upon us. It exceeds human belief that any five Judges should arrogate to themselves such power, and inflict such punishment upon the Bar, before the Bar could be heard. It is nothing less than the Court denying its responsibility to public opinion. Denying its liability to be blamed, lest it should be made unpopular and lose its chance for re-election.

Judges drunk and Judges sober were actively engaged in political contests last year. This year they can say to those who took part against them, "be silent or we will take from you your means of living by excluding you from the practice of your profession."

The saying of Louis the Fourteenth, which Napoleon was so fond of quoting, "I am the State," will soon become the language of the Court, and they may say, we are not only the Court, but we are the "State."

It will be many a day before the people will cease to talk of this despotism and oppression of the Court.

From the New York Evening Express.

A PROGRESSIVE JUDICIARY.

A large number of the present and former members of the North Carolina Bar having witnessed the many public demonstrations of political partisanship, by the Judges of the Supreme Court of the State, recently expressed their profound regret, and unfeigned alarm for the purity of the future administration of the laws of the land, and made the following Protest:

"Active and open participation in the strife of political contests by any Judge of the State, so far as we recollect, or tradition or history has informed us, was unknown to the people till the late exhibitions. To say that these were wholly unexpected, and that a prediction of them, by the wisest amongst us, would have been spurned as incredible, would not express half of our astonishment, or the painful shock suffered by our feelings when we saw the humiliating fact accomplished.

"Not only did we not anticipate it, but we thought it was impossible to be done in our day. Many of us have passed through political times almost as excited as those of to-day; and most of us, recently, through one more excited; but, never before, have we seen the Judges of the Supreme Court, singly or *en masse*, moved from that becoming propriety so indispensable to secure the respect of the people, and throwing aside the ermine, rush into the mad contest of politics under the excitement of drums and flags. From the unerring lessons of the past we are assured, that a judge who openly and publicly displays his political party zeal, renders himself unfit to hold the 'balance of justice,' and that whenever an occasion may offer to serve his fellow partisan, he will yield to the temptation and the 'wavering balance' will shake.

"It is a natural weakness in man, that he who warmly and publicly identifies himself with a political party, will be tempted to uphold the party which upholds him, and all experience teaches us that a partisan judge cannot be safely trusted to settle the great principles of a political constitution, while he reads and studies the book of its laws under the banners of a party.

"Unwilling that our silence should be construed into an indifference to the humiliating spectacle now passing around us; influenced solely by a spirit of love and veneration for the past purity which has distinguished the administration of the law in our State, and animated by the hope that the voice of the bar of North Carolina will not be powerless to avert the pernicious example which we have denounced, and to repress its contagious influence, we have, under a sense of solemn duty, subscribed and published this paper."

This protest was signed by 108 of the leading men of the State bar, and at once called forth the anger of the partisan Judges of the Supreme Court, who, though unnamed, feel the force of the truths herein exposed, and thereupon Chief Justice Pearson, in Raleigh, June 8, 1869—(who is he?)—orders that the Clerk of this Court inquire and report to this Court which of the persons whose names appear to be signed to said publication are attorneys practising in this court. The Clerk then reported that the following attorneys were practising in this Court:

Messrs. B. F. Moore, E. G. Haywood, Thos. Bragg, Sion H. Rogers, Jos. B Batchelor, A. S. Merrimon, H. A. Gilliam, C. M. Busbee, Wm. Eaton, Jr., Ed. Conigland, G. V. Strong, J. F. Wooten, John Hughes, Rich'd W. York, W. A. Jenkins, Wm. K. Basham, Asa Biggs, T. J. Jarvis, C. C. Clark, Wm. T. Dortch, T. B. Venable, John Kerr, Z. B. Vance, Joseph J. Davis and E. J. Warren.

The Court then ordered that the attorneys named in said report be *disabled from hereafter appearing as attorneys or counsellors in this Court*, unless they shall severally appear on the 15th of June, 1869, and show cause to the contrary. The gentlemen who were present left the court room.

After this fashion, events are progressing from day to day in the United States. In the war, newspaper editors and citizens, and in some cases, men who had served the country in the Army, were put in cases ments and dungeons, on the information of spies, personal enemies, and partisan zealots, or rogues. Journals were stopped, and the freedom of speech and the Press abridged. Peace came only to continue martial or military law, among a people who bore no arms, and were submissive alike to military results, and the direction of the civil authority, and now comes this fresh act of power, punishing men for protesting against a party Judiciary, but be it remembered not against the Decisions of the Court. We have our intelligent Raleigh correspondent to comment upon the proceeding, which he does, as will be seen, *free* from all passion or prejudice. Under the pernicious example of Congress, in its attempt to overawe the decisions of the Supreme Court, and to approve only of what was partizan in the highest Court of the land, and under the moral cowardice of some of these Judges, in failing to maintain the independence of the Judiciary, perhaps we ought not be surprised at this attempt to overawe the freedom of the citizen in a so called reconstructed State.

[Correspondence of the N. Y. Express.]

RALEIGH, June 9, 1869.

The protest referred to was not against the judicial acts or conduct of the Judges, but a protest, simply, against the course of the Judges in taking open, active partisan action, in the political canvass, in writing for papers, speaking and presiding at heated political meetings, resulting, as on one occasion, in a personal collision between a Judge and one of his Republican friends.

The gentlemen whose names are signed to this protest, are, at least, the peers of the Judges, in all social, professional and personal relations. The protest was intended to force on the notice of the Bench the desire of the people to have those entrusted with judicial authority avoid all conduct inconsistent with an unbiassed judgment and unapproachable integrity, in the discharge of their duties. These protestants, conscious that these judges were to be in office for some considerable time, were desirous alike to have as friendly relations with the Bench as possible, and to secure, as far as the Bench was capable, a just discharge of their duties; for it was clear beyond cavil, that the heated asperities engendered by a furious canvass disqualified the Judges thus participating from rightly discharging their duties.

In this order, these gentleman are *first* punished, by not being allowed to appear in the cases in which they are engaged, and then a day is fixed to hear their defence.

It would seem by the action of the Court, that it proposes to justify and continue its partisan action, which, it must know, cannot fail to excite distrust and condemnation in every right mind of every party.

This is to be regretted, as the people of the State seemed disposed to accord to the Judges every consideration which their conduct would allow. Some of the Bench have talent, and all might exhibit an integrity and devotion to their duty, which would secure respect and consideration.

It would seem the Bench has made a mistake in forcing an issue, which indicated a justification of their political course, and a purpose to continue violent and bitter and active partisans. This conclusion of the Bench is a calamity to the whole people of the State, and sows broadcast the seeds of distrust in the Judiciary. A total abstinence from the political arena, by elevating the Bench in the estimation of all parties, would do a vast deal more good to their party than can possibly their active partisanship in the open fields of politics. It is to be hoped that a full consideration of the matter will induce the Bench, on the 15th instant, to consider the protest, as no act of "contempt" for the court, but simply an adjuration to secure honor by deserving it.

HERTFORD, PERQUIMANS COUNTY, } June 19th, 1869. }

Editor of Sentinel, Raleigh:—The published action of the Supreme Court in reference to the name of Mr. Willis Bagley, upon the recent extraordinary Rule of that body, necessitates the following statement from me:

The copy of the Protest which was signed by members of the Bar in this County, came to me by mail from Edenton, during the Presidential campaign, in which Mr. Bagley, Mr. Thos. G. Skinner and myself participated as "canvassers" of the Conservative party; on the day it was received, I exhibited the paper to Mr. Bagley and Mr. Skinner for their approval and signatures. It was read over by some one of us, *heartily* endorsed by all, and our signatures were appended, either by each one for himself, or by *one alone*, in the presence of, and with the full consent of the parties. I will state further, that the Protest was accompanied by a letter from B. F. Moore, Esq., of Raleigh, stating that it would not be published until the campaign concluded.

Very Respectfully,
THOS. H. GILLIAM.

HERTFORD, June 21, 1869.

Editor of Sentinel, Raleigh:—My recollection is regard to the approval of the "Protest" of the Bar of this county by Mr. Willis Bagley, attorney at law of this place, concur with those of Mr. T. H. Gilliam, as stated above.

Respectfully,
T. G. SKINNER.

For the Sentinel.

MR. EDITOR:—The question of suitable Tablets over the graves of our Confederate dead now buried in the Confederate Cemetery, has frequently been spoken of. The present head boards are very suitable, but will have to be replaced very soon by others, even now I notice that some of them are in a decaying condition. I sometime since visited several soldier cemeteries at the North. The most approved style and form of head board I there saw, was a hollow cast iron pyramid—about six inches at the base, and I should think fifteen inches high, these are cast with the soldiers name, company &c., in raised letters, the whole painted white. In some instances the base is granite, but more frequently the pyramidical mounment is merely set in the ground, their weight about thirty six (36) pounds or upwards, being sufficient to keep them in place.

I also visited the foundry of one of the contractors to the government, for these head marks. The castings after they are taken from the moulds, are placed in pickle, (diluted acid) to get the scale off and give them a smooth surface, they are then zinced, a very simple process—merely dipping the castings in a vatt of liquid zinc, the zinc adhering. This last process renders the cast iron impervious to time by preventing rust.

My friend the foundry man, thought these castings, zinc finished—raised name, &c., could be furnished for two dollars and fifty cents or less. The paint he thought necessary, would be but a small additional item. W.

RALEIGH, N. C. June 30, 1869.

General Butterfield, lately appointed assistant United States Treasurer in New York, was officious in getting up the subscription to buy Grant a house in Washington. He was promised a foreign mission, but was defeated by other aspirants. There has been so much said about the appointments by the President of men to whom he is indebted for valuable donations in money and other property, that there was a hope that the business would be discontinued. It is indecent, and so closely allied to bribery that it cannot be too severely censured. Who will believe that Butterfield did not suppose when he was getting the subscriptions for the house that he was to be paid for his work? The industry with which he has sought office under Grant is proof that he supposed he had a claim on the President. The latter has acknowledged the claim.—*Chicago Times.*

COWARDLY ASSAULT.—About the most brutal and cowardly assault we have heard of for a long time, was that of a number of infuriated negroes during the riot at the Court House Square night before last upon Mr. Thomas Rudd. Mr. Rudd lost a leg during the war, and is therefore but little able to defend himself against attack. And yet, though he was a quiet spectator of the evening, and was in no wise responsible for the disturbance he was set upon and furiously attacked by the negroes—who cried out to each other—"kill him, kill him," and but for timely interference of Capt. Gentry, who himself received several blows and narrowly missed a severe wound from a knife—they would have killed him.—They knocked Mr. Rudd down several times, almost stunned him with blows, and inflicted painful wounds about the head.—He was taken to his room, and his injuries properly attended to.—*Petersburg Index.*

FRIGHTFUL ACCIDENT.—On Tuesday morning a terrible accident occurred at the iron works of B. B. Thomas & Co., Lancaster, Pennsylvania. It appears that while some workmen were engaged in removing the lining from a furnace a portion of the structure fell, carrying with it the scaffolding upon which the men were standing.—One, a German, named John Schlerith, was instantly killed, and two others, whose names have not been ascertained, were injured in such a manner as to render their recovery very doubtful. It is rumored that Schlerith fell into the furnace and was instantly burned up.

A Frenchman, at Natchitoches, La., intends to raise poppies this year on several acres of ground, and to make opium. He says that an acre of poppies will make fifty pounds of opium, worth fifteen or twenty dollars a pound, and that the cost of manufacturing is less than four dollars a pound. His crop would amount to $600 an acre at this estimate, from which the cost of cultivation is to be subtracted. Ten acres would accordingly crop about $7,000 gross.

"ONLY A TEN CENT MAN!"—The bootblacks at the watering places cry out contemptuously, "Only a ten cent man!" to one who gives them but a dime for "shining up." It seems that Robeson, the new Secretary of the Navy, is only a "five hundred dollar man," having, according to a Washington correspondent, subscribed but that paltry amount for General Grant's house.—*N. Y. Herald.*

MEETING IN LENOIR.

MESSRS. EDITORS:—A large and respectable portion of the citizens of Lenoir county assembled at Moseley Hall on Wednesday, the 26th of June, for the purpose of expressing their views on the condition of the country, and especially on the condition of the county of Lenoir.

The meeting was organized by calling Council Wooten to act as Chairman, and F. A. Brothers, as Secretary.

On motion of J. C. Wooten, the Chairman appointed a committee of ten to draw up resolutions expressive of the sense of the meeting.

The Chairman appointed John C. Wooten, I. J. Kennedy, J. H. Dibble, R. L. Wooten, J. C. Kennedy, J. M. Patrick, D. A. Murphy, Noah Rourse, John King, and J. M. Hines.

The committee reported the following preamble and resolutions, which were unanimously adopted:

WHEREAS, A meeting has been called on this, the 30th day of June, A. D., 1869, at Mosely Hall, in the county of Lenoir, at the instance of a large number of the best citizens thereof, for the purpose of taking into consideration the present disturbed and unhappy condition of this, and adjoining counties, arising from an apparent organized system of stealing, robbery, and murder, to such an extent that neither the property or the life of the good citizens are safe—and, in our opinion, it becomes every good citizen to discountenance, deprecate, and put down these crimes and crying evils, so inimical to the peace and good order of society, therefore,

Resolved, That in our opinion the only safe way of successfully putting down these crimes is by a strict enforcement of the civil and criminal law, without respect to persons, parties or color; and to this end it becomes every law-abiding citizen to give his personal aid and assistance in this behalf.

Resolved, That in our opinion the good order, peace, and welfare of society depends upon an impartial and strict administration of the criminal law of the land.

Resolved, That we are thoroughly persuaded that great injustice has been done to a large number of our best and truest citizens by false representations and reports of dishonest and mercenary detectives, who reported them as disloyal and encouraging crime.

Resolved, That we are opposed to the high crime and wanton violation of the Constitution and laws of the State, by those officers of counties, who have made illegal arrests of citizens of this county without authority or precept of law, and imprisoned them in the jails of adjoining counties.

The meeting was addressed by Jno. F. Wooten.

On motion, the proceedings of this meeting were ordered to be sent to the JOURNAL OF COMMERCE for publication, with a request that the papers of the State copy them.

On motion, the meeting adjourned.

C. WOOTEN, Chairman.
F. A. BROTHERS, Secretary.

TRUCKING.

WILMINGTON & WELDON RAILROAD CO., OFFICE CHIEF ENG'R, & GEN'L. SUP'T., WILMINGTON, June 25, 1869.

MAJOR J. A. ENGELHARD;
Editor Journal:

DEAR SIR—I have just received from an Agent very familiar with the trucking business—the sales and transportation of truck, fruit, &c.—a letter containing the following sentences:

"I think it our North Carolina Truckers would form a *Union*, and send on to the Northern cities an agent in common to attend to the sales of their truck, that they would get much better prices.

"Transportation lines would not then be blamed for the extremely small sales.

"Talk to them about it."

I think the suggestion a good one, and hope for the benefit of the farmers that you will publish, and the papers along our line will copy it, as much has been said about the sales of truck and the condition in which it is said to arrive as compared with last year, laying much blame to the rail roads.

Yours truly,
S. L. FREMONT,
Eng'r. & Sup't.

We gladly give room to the above letter, regarding the subject as one eminently worthy the consideration of our farmers. Much good would result from a unity of action upon their part. Before another season we suggest they meet together and take definite action upon this subject.—*Wil. Journal.*

THANKFUL.—A few days since a lady reached a railroad depot in Dayton, Ohio, just as the train on which she desired to take passage moved away. She was extremely anxious to get aboard the train, but was left, which of course was not right.—As she stood gazing at the train, her arms full of packages and her eyes full of tears, a gentleman arrived at the depot on a full run, with his carpet sack in his hand, his coat on his arm and his face streaming in perspiration. He, too, wanted to take the same train, but alas, was too late. As he looked at the train now fast moving away, he sat down his carpet-bag, wiped his face and very deliberately and emphatically said: "D—n that train." The lady heard him, and smiling upon him with a lady's sweetness, said, "Thank you, sir." He had, undoubtedly, expressed her sentiments exactly.

The President of the Irish Republican Association of Pennsylvania, in a card just issued, states that efforts are being made to pack the Irish Republican Convention that takes place in Chicago on the 4th of July, with Irish Democrats; that no delegate from Pennsylvania will be admitted to the convention without credentials made out and signed by the proper authorities.

The British House of Lords has amended the bill for disestablishing the Irish Church so as to make it go into effect in 1872.

AN EXTRAORDINARY MAN.

A Pennsylvania paper is responsible for the following startling story: One of the most extraordinary cases of peculiar formation in the human body we witnessed a few days since at Connelly's Hotel, Mercer, in the person of a colored man, a stranger. It is hardly correct, perhaps, to call it a case of malformation, as the phenomena were entirely internal, the man presenting no unusual appearance whatever. This person, by some inward muscular power, which he cannot explain, can shift the position of his heart at will. We went to see him, not believing more than half that we had been told, but were convinced in less time than is taken to write it. He requested us to satisfy ourselves that his heart is in the position usually occupied by that organ. Placing our hand on his breast, we could feel the beating distinctly. He then commenced a series of contortions with his abdomen, rolling it over and over several times. At the conclusion of this striking exhibition, we placed our hand on a lump in his left side, below the waist, and there was the heart thumping away as if nothing unusual was the matter. A few more contortions, and the frisky organ passed across the abdomen, and on the right side kept up its work of throwing the blood through the system, as it in its natural position. More contortions, and it traveled back home, its course being easily traced under the skin till it passed under the ribs. The man then commenced a sort of rotary motion of the bowels, apparently turning them over several times, when we felt a complete set of ribs covering the abdomen, the regular set being in their usual place. Turning the bowels in the opposite direction, the false ribs disappeared. On being asked if his parents had any more children like him, he replied that he had a brother over six feet high, who could reduce his stature to something less than three feet. We believed him readily after having witnessed the above performances.

Judge Drummond, of Chicago, has decided that express companies have the right to forward letters accompanying consignments in unstamped envelopes. The case in which the decision was given was that of the Post Office Department vs the United States Express, to recover the penalty prescribed by law for the alleged forwarding of mailable matter not inclosed in stamped envelopes.

Ayer's Cathartic Pills,
For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite,** they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to every body, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

BUILDING AND LOAN ASSOCIATION.—At the meeting of this association at the Court House, last night, the following loans were made upon satisfactory security: To H. Vaugh $800 at 19 per cent premium, to J. M. Betts, $800 at 21½ per cent premium, to R. W. Best, $800, at 22½ per cent premium, to A. Betts, $400, and to W. Willoughby $400, at 23 per cent.

Most of the dues were paid up, and perfect satisfaction with the workings of the association seemed entertained by all. The redemption of 16 shares of $200 each, at an average premium of $43 per share, is at once, a fair transaction for the association and great convenience to the members thus accommodated.

COMMENCEMENT AT CHAPEL HILL.—We allude to the Commencement of the colored school, an account of which somebody has furnished us without accompanying the communication with a responsible name. We learn from it that they had a procession, speeches, dialogues, and a fine supper, accompanied throughout with music from the Fayetteville Brass Band eclipsing the University Commencement, not only in music, but in the number of students and the "sump'n t' eat."

AMES' BIG NEW ORLEANS CIRCUS, Menagerie, and Aviary are on the way to Raleigh, where they will exhibit on the 15th inst. Papers in the towns and cities in which they have exhibited, speak of this show as superior to most of the class that travel through the country.

DON'T UNDERSTAND THEIR CONDUCT.—George Graham, (negro,) for several months confined in jail at Graham, for stealing tobacco, says he joined the League at the same time and took the same degree as Dr. McCauley, Col. Albright and Joe McMurry, and now that he was in Jail they did not stand up to him. For his part he can not understand such conduct. A citizen of Graham said, George had no right to complain for he had made his escape once or twice by the jail being broken open from the outside.

SUPREME COURT.—This body did no business to day. On adjourning the Court the Chief Justice announced that there will be no session of the Court on Monday next, in honor of the birth-day of American Independence. He remarked, such has been the custom of this Court "time whereof the memory of man runneth not to the contrary." The Justices see no reason to depart from this time-honored observance.

JAMES H. HARRIS.—This gentleman keeps an excellent Hotel at Reidsville The clean linen on his beds, the well cooked food, nicely served upon his table, satisfies the traveller that he has gotten value received for his money.

Mr. H. does a thrifty business also as a merchant, though he is a maimed Confederate soldier, with bones missing from his body, he is more active and does more work than many that we wot of.

IN the report of the proceedings of the Radical meeting at the Court House, on Wednesday night last, our Reporter alluded to J. P. Andrews, the Secretary, in terms, perhaps, unwarranted by the facts in regard to him. That Mr. Andrews is a "lunatic" in any sense, as ordinarily understood, we do not believe, and as to his proficiency in his profession as an artist, we know nothing, never having seen specimens of his work. The personal allusions to him in the report are harsh and wrong and we retract them, but as to our opinion of his politics or political associations, they are unchanged.

INTRODUCED.—Col. John McDonald introduced us on the street to Mr. Gunter. We did not think of seeing a member of the Legislature from Chatham, in the city at such a season. When we had passed the compliments and walked off, a young man informed us we had shaken hands with Chicken Gunter. John should imitate Chief Justice Pearson, when introducing Billy Henderson to Col. Gaither. Billy was introduced as the man charged with stealing Ben Kittrell's law books, and Darr's mule. We had associated Chicken Gunter with Chicken Stephens; in this we wronged Chicken Gunter. Stephens acquired his soubriquet by stealing chickens, while Gunter acquired his from being able to eat more fried chicken than any small man in Chatham County. We think, in point of good looks, Chicken Gunter stands about number six in his party.

KITTRELL'S SPRINGS FEMALE COLLEGE.—The Commencement exercises of Kittrell's Springs Female College occupied Tuesday and Wednesday of the present week.

On Tuesday, 10 o'clock, A. M., the Senior Class, under charge of Rev. C. B. Riddick, graduated, and the following order of exercises was observed:

Prayer by Rev. N. F. Reid.

READING OF ESSAYS.

1. Salutatory, Miss Olivia Tillery, of Halifax county.
2. The Talkers of Society, Miss Maggie E. Aull, Baltimore, Md.
3. "That our daughters may be as corner stones polished after the similitude of a palace." Miss Kittie Bell, of Plymouth, N. C.
4. "Hope not sunshine every hour,
Fear not clouds will always lower."
Miss Florence L. Bryan, Edgecombe county, N. C.
5. "Work for some good, however slowly,
Cherish some flower, however lowly,
Labor, all labor is noble and holy."—
Miss Bettie Cromwell, Edgecombe county, N. C.
6. Our Early Days, Miss Octavia E. Jones, of Wake county, N. C.
7. The Journey of Life, Miss Rosa Lee, of Richmond, Va.
8. "Oh! carry me back, Oh, carry me back To old Virginia's Shor."
9. Valedictory—Miss Kittie Bell, of Plymouth, N. C.

Diplomas conferred by Rev. W. W. Duncan.

Gold medal to Miss Bettie A. Wright, of Caroline county, Va.

James Baron Hope, Esq, of Va., who was to deliver the address, failed, on account of sickness, to fulfil his appointment, and his place was supplied by Rev. L. M. Lee, D. D., in a few remarks to the class.

Between the reading of the essays, the audience were entertained with music by the younng ladies of the different music classes.

On Tuesday evening, 8 o'clock, the annual sermon was preached by Rev. N. F. Reid, D. D., of the N. C. Conference. Those who heard it speak of it as one of Dr. Reid's finest efforts.

SECOND DAY.

The exercises of Wednesday were opened with prayer, after which the Senior Class, who have been under the immediate instruction of the President, Rev. T. M. Jones, having passed a fine examination in the prescribed course, proceeded to read their essays in the following order:

1. Salutatory Addresses—Miss Cora O'Neal, of Hyde co., N. C.
2. Gather Life's Roses, Tread Lightly Upon its Thorns—Miss Lula Parker, of Wilson.
3. Demoralization of the Times—Miss M. A. Fuller, of Granville.
4. Life and its Duties—Miss Maybelle Gray, of Winston.
5. Women of the South—Miss Carrie Mayhew, of Newbern.
6. Labor is Victory—Miss Cora O'Neal.
7. Earth's Battlefields.—Miss Carrie Lilly, of Fayetteville.
8. "Love is Sweet; Life is dear; Hope is beautiful; but Duty is Sacred above all," with Valedictory Addresses—Miss Annie Pullen, of Raleigh.

These Addresses were read by the young ladies themselves, the Salutatory, in Latin, and the Valedictory in very beautiful verse.

Between the readings the following pieces of music were played in most perfect and pleasing style:

Beautiful Bells—Song and Chorus.
Banjo Solo, by Gottschalk, played by Miss Annie Pullen.
Gallop, by Labitzky—piano, by six hands and violin.
Carnival of Venice, Miss Maybelle Gray.
The Ladies' Waltzes,—piano, by four hands and violin.

At the conclusion of these readings, the degrees were conferred, and a very feeling and appropriate Address made to the Class by the President, Rev. T. M. Jones.

The exercises were closed by a Song and Trio, "Tantum Ergo," followed by a Benediction.

The music during the two days, and at the Concert on Wednesday evening, is spoken of in the highest terms by those who had the pleasure of hearing it. We would be glad to speak more particularly of the Concert, but want of space forbids. Professor Hahr, one of the most accomplished and successful music teachers of the State, with his accomplished assistants, Miss Foster and Miss Bethel, had cause to feel proud of their success, as exhibited upon the occasion.

KOSKOO, the *great Liver Invigorator, Blood Purifier, and Renovator*, prepared by Dr. J. J. LAWRENCE, the celebrated Physician and Chemist, is a SAFE, PLEASANT, AND RELIABLE remedy, for the PREVENTION and CURE of the diseases caused by a TORPID LIVER, IMPURE BLOOD, DISORDERS of the KIDNEYS, or DEBILITY of the NERVOUS SYSTEM.

IT REGULATES the secretions, ERADICATES all HUMORS or TAINTS, restores lost or wasted nervous power, and at the same time *builds up and imparts tone and vigor to the whole system.*

J. M. Ashley, whom his constituents refused to re elect as a member of Congress because of his notorious corruption and profligacy in office-brokerage, was appointed by Grant and confirmed by the Senate as Governor of Montana. Just before leaving for that place, this scamp delivered an address to the Republicans of Toledo, Ohio, denouncing "the growing corruption of politics from the corrupt use of money."

It is to be hoped that General Sickles, before leaving for Spain, will deliver an address in Cooper Institute on the importance of increasing the perils of homicide and improving the inducements to conjugal fidelity.—*N. Y. World.*

ABOUT "CARPET-BAGGERS."—We copy the following from an account of the recent Illinois press excursion, published in the "Illinois State Register," at Springfield:

"The talk about Northern people not being permitted to live in that country is all twaddle. It is not true. This we can readily assert of our own personal knowledge of several cases in point, where persons, known to be avowed radicals in politics, went South to live and make it their future home, conducted themselves as good citizens, which they are, and no people were ever received with more cordiality and kindness, and none would do these same radicals an act of kindness more readily than the native Southerner. They are anxious that people from the North shall come to their country, and become part of it, but they very naturally want men, not the scum and refuse of the North, who leave their country for their country's good."

[*Baltimore Sun.*

The country around Pumpkin creek, Georgia, is so notorious for chills and fever that it is the invariable custom to pass round quinine pills with the dessert. A guest who should refuse to partake would be regarded as having committed an unpardonable breach of etiquette.

LAST NIGHT'S DISPATCHES.

FROM WASHINGTON.

WASHINGTON, July 2.—Revenue to-day a million and a quarter.

FROM VIRGINIA.

RICHMOND, July 2.—The colored Conservative barbecue, which was ended by the accident, was attended by about 300 colored men, and a large number of whites. A large crowd had congregated at the gate of the bridge leading to the island being kept off the bridge by the police—Col. Branch, managing the affair, while standing on the bridge, directed the police to admit the crowd, which being done the weight broke the structure precipitating a number into the water, where Col Branch, Policeman Kirkman and Robt. Ashby were caught in the falling timbers and killed. Seven more were wounded, two of whom will die.

Col. Branch's body was followed to his late residence by a procession of prominent citizens; and the police force in a body escorted Mr. Kirkman's remains home. Mr. Branch was one of the first business men of this city. There is a general gloom here in consequence of the calamity.

[ANOTHER DISPATCH.]

A barbecue given to the Walker colored men, took place to-day on Vauthall's Island, adjoining the city. About three o'clock the Chain Bridge leading to the Island was so crowded that it broke, carrying down about sixty persons. Col. James R. Branch, a prominent broker and Conservative candidate for the Senate, was instantly killed, and Policeman Kirkman, who was striving to prevent the crowd from rushing on the bridge. Seven colored men are fatally injured.

SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. COME IN BEAUTIFUL DREAMS.

BY GEORGE D. PRENTICE.

Come, in beautiful dreams, love,
Oh! come to me oft,
When the light wings of sleep
On my bosom lies soft:
Oh! come when the sea
In the moon's gentle sight,
Beats soft on the sir.
Like the pulse of the night—
When the sky and the wave
Wear their softest hue,
When the dew's on the flower,
And the stars on the dew.

Come, in beautiful dreams, love
Oh! come and we'll stray
Where the whole year is crowned
With the blossoms of May—
Where each sound is as sweet
As the coos of a dove,
And the gales are as soft
As the breathings of love;
Where the beams kiss the waves,
And the waves kiss the beach,
And our warm lips may catch,
The sweet lessons they teach.

Come, in beautiful dreams, love,
Oh! come and we'll fly
Like two winged spirits
Of love, through the sky;
With hand clasped in hand,
On our dream wings we'll go
Where the starlight and moonlight
Are blending their glow;
And on the bright clouds we'll linger,
Of purple and gold,
'Till the angels shall envy
The bliss they behold.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate—a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in any mode or form they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English, and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for two dollars comes in possession of a homestead, which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ODD—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents teat already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.

For farther description and particulars, address

JOHN SKINNER,

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA.

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his *death*, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is *undoubtedly* able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,550.00
Total Premiums,	350,117.93

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	343
" Phœnix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year, 1,260 "
And in its 20th year, 2,813 "
this latter being 690 less than was issued by the NATIONAL in its first seven months.
